TREND BEYOND COLOURS 2016/17

Fore-Word

Change is inevitable. Being within the paint and colour industry throughout the years, you notice that when culture changes, new trends arise, and with this, people change and adapt themselves to such a new style of life. This is so subtle, yet it is a huge development in our society; hence, it is granted that lifestyle patterns and taste consistently evolve too.

With this evolution, colours and palettes will also make a move – here's where the inspiration of Trend Beyond Colours come to life, offering a compilation of major colour trends that will influence living spaces and marketplaces in 2016/2017. The new colour trends were recently revealed at the Asia Pacific Chromazone Colour Forecasting workshop, a collaboration between Nippon Paint and the Colour Marketing Group. In this event, a series of wonderful Asian colour palettes by Asian Professionals were presented.

Highlighting nine key trend palettes, this year's Trend Beyond Colours flourishes into three themes:

"We Are One", New Eco" and "Wonder-Lust". Each of these themes is translated into unique decorative coatings that offer exquisite special effects to complement the colour trends. To create these palettes, we have analysed the effects of colours and how behaviour is influenced by colour, fashion, retail performance, lifestyle trends and culture.

Above all, this project is testament that Nippon Paint continues to push the boundaries of paint and colours, inspiring us to re-think paint and re-create possibilities. Together with our collective experience, we strive to give consumers exactly what they love. So walk with us as we take this journey of colours. We hope that this beautiful book will inspire and educate you on the enchanting effects of colours.

Mr. Wee Siew Kim
Group CEO, NIPSEA Group of Companies

Asian Palettes by Asian Professionals:

Representing the best of Asia's landscapes that is full of vibrant colours and beautiful textures, the Asian region welcomes colours of all intensities into their homes and buildings. From the fiery shades found within sunsets, the various blue tones that make up the seas and oceans, and the mellow earthiness that form the beautiful untouched countryside's and forests, colours echo our stunning natural surroundings – all of which is the foundation of our colourful culture.

Nippon Paint brings together a select group of Asian design professionals from Malaysia, Indonesia, Hong Kong, Singapore, Philippines, Thailand, Taiwan, China, India and Japan to present to you the 2016/2017 Asian colour palettes. Transporting you to a world where colour makes a difference, we will show you a combination of trendy tones that will inspire and uplift. There will be nine colours highlighting the new palette which captures and enhances the essence of our colour-inspired lifestyle. Each colour also comes with special effects to create a touch of magic within your spaces.

Everything you discover in this book can be easily brought into your own living spaces, so whether it's a vivid colour or a serene neutral shade, you will be inspired by the captivating colours.

2016/17's 9 Key Colours

Our Events

On 18th March 2015, design professionals, colour experts and enthusiasts from all over the Asia Pacific region came under one roof at the Nippon Paint Headquarter Office in Japan for the Colour Chromazone Forecasting Workshop 2015 organized by Nippon Paint in partnership with Colour Marketing Group (CMG).

From Malaysia, Singapore, Indonesia, Philippines, Hong Kong, India, Thailand, China, Taiwan and Japan, interior designers, architects and design professionals shared, discussed and presented their thoughts about the Trend Beyond Colours for 2016/17.

Through their effort to determine the 'Truly Asian Colour Palettes by Asian Professionals', participants shared relevant colour stories that would be part of Nippon Paint's Trend Beyond Colours 2016/17. The workshop was carried out under the guidance of our four colour enthusiasts from CMG - Jane Stockel, Special Envoy to the CMG President, Asia Pacific Region; Monika Fecht, Head of Corporate Design Management of Renolit; Serene Pang, Sales and Marketing Director of the Duha Group and colour consultant to Nippon Paint Malaysia; and Norzihan Aziz, Regional Manager of Clariant Singapore Pte. Ltd.

With a warm welcome speech by Ms Gladys Goh, Group General Manager of Nippon Paint Malaysia Sdn. Bhd., Jane Stockel took the stage with an initial opening speech about the evolution of colour followed by an intriguing presentation on the different colour trends observed in North America, Latin American Europe and Asia Pacific. This successful event has ultimately led to the making of this brilliant book, where we hope you too will be inspired by the many creative minds that contributed to Trend Beyond Colours 2016/17.

Our

introduction

2016/17 PALETTE....

With exquisite ideas and lush palettes, designers of the 21st century have limitless possibilities to create masterpieces. Using colours to enhance a space, adding life and vibrancy makes paint a fundamental aspect when changing a space. Having been around for more than 130 years, Nippon Paint has constantly evolved, re-inventing paint with ground-breaking and innovative products. With experience and experts behind the development of colours and paint, it is an honour to be the number 1 paint brand in the Asia Pacific region. Proudly presenting "Nippon Paint Trend Beyond Colours 2016/17", we intend to keep breaking the boundaries, inspiring us and all to use our creativity to re-create the unimaginable, whilst pledging to not only offer originality, but also sustainability.

Understanding that colours adds beauty, improving moods and thus lives, this year, The Colour Stories introduce 3 magnificent colour stories ("We Are One", "New Eco" and "Wonder-Lust"), each represented by 3 key colours. Epitomizing these stories, the inspiration behind the colours will be showcased, along with how to successfully create a spectacular space, using the handpicked Asian palettes from our industry professionals and designers from Asia Pacific. Giving you the confidence to explore your imagination, we will show you how to turn that dream into a reality with the effortless use of paint.

Inspirations, insights and creative ideas from different sources serve as the foundation for the three inspired themes and nine unique colours of Trend Beyond Colours 2016/17. In this video, see how they are created.

Soothing And Substantial Shades That Beckons Us To Make A Difference

THE CONNECTION CULTURE...

Connectivity at its best yet. We live in a world that is so connected to one another, it's hard to imagine life without such innovation. Phones, tablets, computers and more enable us to connect to those who live on the other side of the world. Bringing together a world without boundaries; culture, languages, lifestyles and even food is shared between civilisations. **Founder Blue NP PB 1527D**; **Gray Knight NP N 2001T**; **Green Tuft NP BGG 1666A** represents this story, bringing unity to our lives through the process of technology. Inspiring pioneering products and hopes to ameliorate everyone with uplifting colours, the evolution of technology will forever and constantly change our lives.

SEARCH FOR SIMPLICITY...

Back to basics, back to nature. With the world becoming so involved with technology and gadgets, most of us fail to appreciate the natural world we live in. The world is vast, with many places unknown and untouched, the next generation develops further intrigue for what lies beyond. People are always searching for alternative materials to keep up with demands of the world, but we must also show our humble admiration for Earth and its environment. Bringing nature back to nature, the three colours: **Tavern Buff NP N 1867P**; **Volcanic Black NP N 1918A**; **Lush NP BGG 1605T** allows a natural environment to exist, whilst showcasing the beauty of simplicity.

JUMPING OUT OF THE WEEKEND...

To find a new purpose in life, we must find the perfect balance. But what exactly is the perfect balance to life? With the advent of new age, comes the new love for self-discovery. Today, many of us are constantly in the search for new interests and hobbies to find that perfect balance. Be it travelling, sports, cooking, gaming or art, it is important to have a form of equilibrium to lead a peaceful and enjoyable life. Experiencing new depths to life is where the influence of: **Being Peach NP YO 1219T**; **Fast Car NP AC 2076A**; **Blue Lullaby NP PB 1550P** derives from. Using bold colours, a new exciting energy is created, much like that adventure we seek.

The Social Side

We are all human. We all need to adapt to the changing times. Together, we can unite through the power of social media. The tone of **Founder Blue NP PB 1527D** is often associated with depth and stability, symbolising trust and loyalty. In a world that uses technology to connect to one another, no matter the distance or the person, our lives and relationships have evolved around technology. This colour is inviting and trusting, enhancing self-expression, allowing us to interact and socialise comfortably in life.

A Raw Connection

The "gray area" has no clear rules. There are no lines that can be crossed, no glass that can be broken. Living in a boundless online society, we see and experience other cultures, and open up to the estranged. **Gray Knight NP N 2001T** eludes mysteriousness and acts as the perfect blank canvas, allowing us to explore further, not just in knowledge, but also in life. Expressing a secretive ambiance, we innocently share desires without hesitation, escaping from our real lives, into a world where nothing is unknown.

GRAY KNIGHT

A rather dramatic colour to use when designing a space, due to the dark accent it carries with it, **Volcanic Black NP N 1918A** is also an earthy colour imitating nature. Modernising the eco-generation, a dense outlook is associated with the solid beauty of this colour. We must seek what's best for the environment these days with natural resources running scarce. In regenerating, we are using our imagination to create a new and better tomorrow. This boldness allows us to re-create the same positive result in our homes.

Because I'm Happy

If someone asked you to define happiness, what would spring to mind? It means pride, satisfaction, happiness, celebration, love, a sense of wellbeing and all the joys of living. A pure enjoyment entails many aspects, all of which are achievable. The colour associated with **Fast Car NP AC 2076A** may be seen to reflect danger, however, it is an intense colour, filled with passion, desire and determination. If we have discovered something that ignites that flame within, that feeling of ecstasy is one that cannot be imitated.
